

3B Chung Hin Hoi Ivan

## My Classmate

James is my classmate. He sits behinds Isaac Chen. He is tall but he is fat. His mouth is big. All of us like him.

James is helpful because he always helps teachers give out homework books. He always helps other classmates with their homework. He is friendly, too. He always shares his food with me. He also plays with me.

James's favourite subject is English. He is good at speaking in English. He studies hard every day.

I like him very much. I hope James can be my friend forever.
