

## Let's make some food

One day, May and Ann want to make some sandwiches. Then, they go to the kitchen and look in the refrigerator. They find the ingredients to make some sandwiches.

They need some ham, some cheese, some eggs, some tomatoes and some bread. But, they can't find the bread. There isn't any bread.

Finally, Ann has an idea. 'Let's make the fruit salad now', she said.
