Sam's school picnic

Sam's school picnic day was on the third of December. In the morning, the weather was sunny. Sam and his classmates went to Sunny Park happily.

At the park, Sam sat under a big tree and looked around. Some children were drawing pictures and other children were playing football. At lunchtime, the children shared food together. They ate vegetables, sandwiches, fried rice and chicken wings. At that time, the weather was getting worse. Suddenly, it was rainy. They wanted to find a shelter.

Finally, the weather was too bad. Sam and his classmates wanted to leave the park. They went back to school by school bus. They felt so unlucky!
