

3D Fung Cho Wing

My classmate

Kandy is my classmate. She sits on my left. She is eight years old. Her eyes and ears are small. She is short.

I like Kandy because she is nice. She plays with me and talks with me every day. She is polite too. She doesn't shout at me or laugh at me. She says nice things to me.

Kandy is good at playing the recorder. Her favorite subject is Music. She has a drawing class every Sunday.

I hope we can be friends forever.
