Book Report

The title of the book is Romeo and Juliet. The author is William Shakespeare and retold by Andrew Matthews. The publisher is Orchard. The main characters are Romeo and Juliet. The story is about long time ago, Romeo and Juliet came from rich families in the Italian city, they were in love at first sight, but their families were bitter enemies...

I like this romantic story. It is touching because Romeo couldn't get marry with Juliet. They felt very sad so they killed themselves in the end.

My favorite character is Juliet because she is pretty and brave. She has a warm heart too!

If I were Shakespeare, I would write a good ending so that they can get married and live happily ever after.
